Tutors New Adult Photo Class

## Photo Class Added To Adult Schedule

The Adult Education curriculum was improved this year with the addition of a class in photography, under the able tutorage of David J. Wright, free-lance photographer and photographic researcher, who has spent most of his life in the photography field.

The new class will be offered on Wednesdays from 7 to 9:30 p.m. at the WALTERS SCHOOL, Los Angeles for a two-and-a-half year course. After two years, and before completing the course, he was offered a position as an instructor of photography, because of the fine work he had been doing in that line. He taught at the Art Center for three years.

Presently, Wright is devoting his photographic talents to judging color slides and print competitions for the Photographic Society of America; lecturing at camera clubs under the Society's auspices, and contributing to the International Photographic salons.

## Cadet Steps Up in Class, Down in Rank

Cadet Howard C. Nelson was busted from Captain to Private recently, but it didn't bother him.

The demotion occurred when Nelson entered Brown Military School in Pacific Beach. He had graduated as a Captain from the Southern California Military Academy in 1952, and when he entered Brown, had to start as a private in the ROTC.

Nelson is the son of Howard Nelson of 1804 Marinette St. The young cadet has ambitious plans ahead of him. After two more years at Brown, and two years of junior college, he hopes to be admitted to West Point to start his military career.

Young Nelson has been militarily inclined for quite a while, and is rather good at it. Since he has been at Brown he has worked up from private to 1st Sergeant and may make 2nd Lieutenant by the first of the year.

An all around athlete, Nelson plays football, basketball, and baseball at the school.

## Young Cowpokes Chase Dairy Herd, Kill Cow

Eight juveniles ranging in ages from 10 to 14 years were nabbed by Torrance police Thursday afternoon when a dairy operator complained that the gang had been chasing cows with a car and that one cow had died.

The juveniles were cited to appear before juvenile officers with their parents.

Operators of the dairy said the cow was valued at \$400.

## Chime System Installed at St. Andrew's

"Ring out, wild bells..." The chimes will ring again from the belfry of St. Andrew's Episcopal Church, 1432 Engracia, because of the generosity of Mr. and Mrs. Henri Pernot of WALTERS, members of the congregation.

In memory of their young son Robert, who died last June, the Pernots have given the church an amplifying system for replaying recordings of chimes.

Because young Robert had been an active member of St. Andrew's Sunday School, the first occasion for the ringing of the chimes will be this morning at 9:15, to open Rally Day for the Sunday School.

Hymns that will be played include "All Glory, Laud and Honor," "Jesus Shall Reign Where'er the Sun," "Blessed Be the Tie that Binds," "Joyful, Joyful, We Adore Thee," "O Word of God Incarnate," and "All Hail the Power of Jesus' Name."

The amplifying system was installed by Phil Hoffman, a member of the church.

**FUTURE PRESIDENTS ANSWER BELLS**

Boys and girls who take our places are restlessly awaiting the opening day of school. They have absorbed sunshine and muscle during the summer; and now are going to absorb knowledge. We're going to meet buses, children walking, laughing, running, playing enroute to school; that is our danger signal. **DRIVE SLOW. BE ALERT. READY TO STOP INSTANTLY.**

We tell our sons and daughters to stay on sidewalks and use Crosswalks, but do they? They do until a boy jabs a girl with a rubber snake and like a flash she's after him, or two boys toss a ball as they walk; the ball is fumbled and like a streak that boy is after it, out into the street and trouble.

Hundreds of children are maimed, or worse, each year going to and returning from school. Do your part to muck up a zero score for Torrance. **DRIVE SLOW WHEN YOU SEE CHILDREN AHEAD OF YOU.**
